coal permit renewals 0414.xlsx

Kevin

This is the list we are working off (second tab). We have had a few modifications, but this provides a good overall roadmap.

Dan/Eric ...please work with Kevin to give the Region the necessary information with as much advanced notice as possible.

Brian

**Subject:** Upcoming permit submittals

Brian / Paul – I understand that you anticipate approx 20 coal permits coming to us in the next 30 days or so. I would appreciate if you could send a listing of those permits that includes if they are new dischargers or reissuance. I would also ask that OEPA submit the complete package for each permit electronically to [R5NPDES@epa.gov](mailto:R5NPDES@epa.gov). To eliminate confusion these should be submitted individually, one permit package in each e-mail.

I also ask that you send these to us in advance of public notice if possible.

If you have any questions feel free to call me. thanks
